Wise Financial Reports

- solution for Dynamics NAV

The Wise Financial Reports system provides businesses with an opportunity to work on financial reports in Microsoft Dynamics NAV in a simple and efficient way.

The solution provides a good overview of the company's status and shows the income statement, balance sheet and cash flow, as well as the principal key figures. Each financial report is saved and is accessible to users as needed.

It is possible to post entries directly in the Wise Financial Reports system without entering them into the books, which increases flexibility.

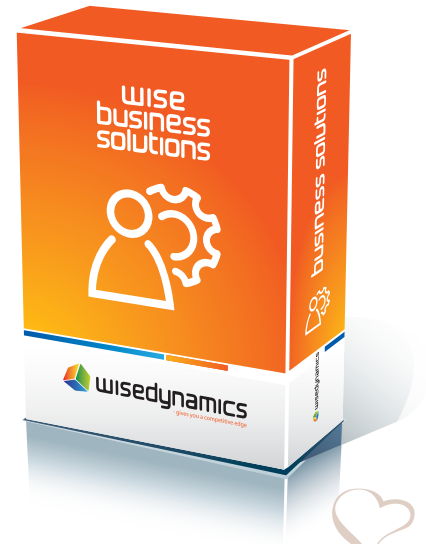

By using the Wise Financial Reports system, discrepancies are easily spotted, which in turn increases reliability and shortens the financial reports preparation process.

The Wise Financial Reports system delivers the following statements:

- >> Income statement
- >> Balance sheet
- >> Cash flow
- >> Key figures

Key benefits

- A convenient and efficient solution for financial reports.
- All required statements are included.
- The possibility to add your own statements.
- Provides a good overview of the company's status .
- Speeds up the preparation of financial reports.
- Increases reliability.
- The possibility to post entries directly in the Wise Financial Reports System.
- Simplifies comparison between different periods.
