Wise Scan

- scan and attach files

Wise Scan is a specialized solution from Wise which allows users to scan and/or import diverse documents, along with all types of photos, and attach to Dynamics NAV documents.

Wise Scan gives you the option to attach documents to standard Dynamics NAV solutions and to Wise specialized systems, like the Wise Approval System.

With Wise Scan you can switch between systems in a simple way.

A user-friendly interface makes the work of attaching and detaching files simple and quick, and it is possible to label and group documents as needed. It is easy to switch between companies in the setup and between languages in the system.
